MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

CERTIFICATION BY MUNICIPAL MANAGER

I am responsible for the preparation of these Annual Financial Statements, which are set out on pages 1 to 78 in terms of Section 126(1) of the Municipal Finance Management Act and which I have signed on behalf of the Municipality.

I certify that the salaries, allowances and benefits of Councillors as disclosed in Note 28 of these Annual Financial Statements are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Officer Bearers Act and the Minister of Provincial and Local Government's determination in accordance with this act.

Municipal Manager

Date

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

REPORT OF THE AUDITOR-GENERAL

The report of the Auditor-General is to be added as soon as the audit process is completed.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

REPORT OF THE CHIEF FINANCIAL OFFICER

1 INTRODUCTION

It gives me great pleasure to present the financial position of Mossel Bay Municipality at 30 June 2009 and the results of its operations and cash flows for the year then ended.

The Annual Financial Statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practices (GRAP).

2 KEY FINANCIAL INDICATORS

The following are some of the key financial indicators, comparing the 2008/09 financial performance of the municipality to the 2007/08 comparative figures:

RATIO DESCRIPTION	2007/08	2008/09
<u>REVENUE MANAGEMENT</u>		
<i>Level of reliance on government grants</i>	12.2%	15.8%
<i>Actual income VS Budgeted income</i>	(20.1%)	(5.0%)
<u>EXPENDITURE MANAGEMENT</u>		
<i>Personnel costs to total expenditure</i>	32.1%	31.6%
<i>Actual expenditure VS Budgeted expenditure</i>	(33.9%)	(14.2%)
<i>Interest paid as a percentage of total expenditure</i>	0.2%	0.2%
<i>Repairs and maintenance / Total expenditure</i>	9.7%	8.4%
<u>ASSET MANAGEMENT</u>		
<i>Acquisition of PPE – Actual VS Budgeted**</i>	12.2%	(6.5%)
<i>Debtors collection period</i>	78 days	65 days
<i>Stockholding period</i>	20 days	16 days
<u>DEBT MANAGEMENT</u>		
<i>Creditors payment period</i>	10 days	29 days
<i>Total liabilities / Total Assets</i>	7.8%	9.7%

** Refer to Appendix E(2) for explanations on variances.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

3 OPERATING RESULTS

3.1 Summary of results

Details of the operating results per segmental classification are included in Appendix D, whilst operational results per category, together with a cryptic explanation of significant variances of more than 10 percent from the adjusted budget, are included in Appendix E(1).

DESCRIPTION	Actual 2007/08	Actual 2008/09	Variance	Adjusted Budget 2008/09	Variance
INCOME					
Opening surplus/(deficit)	960 018 216	1 337 301 780	39.3%		
Operating income for the year	384 853 323	448 873 991	16.6%	472 321 631	(5.0%)
Gain on Disposal of PPE	1 196 604	125 766	(89.5%)	84 959	
Appropriations for the year	(41 414 777)	197 434	(100.5%)		
	1 304 653 365	1 786 498 972	26.9%	472 406 590	278.2%
EXPENDITURE					
Operating expenditure for the year	316 194 555	404 282 256	27.9%	471 106 696	(14.2%)
Sundry transfers	(363 009 173)	(19 126 166)	(105.3%)		
Surplus from discontinued operations	(16 612)	-	(100.0%)		
Loss on Disposal of PPE	14 182 815	387 283	(97.3%)	420 159	
Closing surplus/(deficit)	1 337 301 780	1 362 703 267	1.9%	879 735	
	1 304 653 365	1 786 498 972	36.9%	472 406 590	278.2%

The accumulated surplus as at 30 June 2009 amounted to R1 362,7 million. The accumulated surplus as at 30 June 2008 of R960,02 million was restated with previous year corrections of R363 million, amounting to R1 337,3 million. This indicates an increase of R25,4 million or 1,9% in the accumulated surplus from the 2007/08 financial year to the 2008/09 financial year.

The R363 million restatement of the previous year accumulated surplus is mainly due to the transfer of the Capitalisation, Government Grant and Donations and Public Contribution Reserves to the Accumulated Surplus in accordance with the change in the Municipality's accounting policy, as well as corrections for Land and Buildings recognised for the 1st time.

The operating income increased with 16,6 percent to R448,9 million from the previous financial year income of R384,9 million. The operating expenditure increased with 27.9 percent to R404,3 million from the previous financial year expenditure of R316,2 million. The main contributor to this is the increase in expenditure on Bulk purchases of Water and Electricity.

The Municipality did not escape the effects of the global economic meltdown and actual operating revenue of R448 873 991, Expenditure of R404 282 256 and the loss on disposal of Property, Plant and Equipment is R261 517 were realised for the 2008/09 financial year as shown in the Statement of Financial Performance. It must, however, be taken into account that there is certain expenditures which was transferred through the Statement of Changes in Net Assets, while the expenditure was shown as an expenditure in the operational budget , for example:

- Contribution to Capital Replacement Reserve R27 350 000
- Transfer of Land Sales and External Services contributions R 2 212 809

The above mentioned amounts are therefor not included in the gross income and expenditure amounts mentioned above. It is for these reasons that the surplus as shown in the Statement of Financial Performance cannot be compared with the budgeted surplus.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

3.2 Rates and General services

DESCRIPTION	Actual 2007/08	Actual 2008/09	Variance	Adjusted Budget 2008/09	Variance
Income	201 260 101	236 068 983	17.3%	259 700 301	(9.1%)
Expenditure	201 899 694	246 894 958	22.3%	314 550 551	(21.5%)
Surplus/(deficit)	(639 593)	(10 825 975)	1 592.6%	(54 850 250)	(80.3%)
Surplus/(deficit) as % of total income	(0.3%)	(4.6%)		(21.1%)	

Variance from 2007/08 actual:

The deficit with regards to Rates and other General services amount to R10 825 975 for the 2008/09 financial year, whilst 2007/08 indicated a deficit of R639 593.

Variance from 2008/09 budget:

It is clear from the above statement that the actual income and expenses with regard to Rates and General services are within the budgeted amounts for the 2008/09 financial year.

3.3 Trading services

Council purchases electricity in bulk from Eskom and then redistributes it to the consumers. The tariffs of electricity are considered together with all other tariffs during the compilation of the operational budget. Any increase in electricity tariffs must be approved by the National Electricity Regulator before Council can implement it. Eskom normally adjusts its tariffs in January of every year but Council endeavours to limit its increase to only one increase during July every year.

Council has some of its own water sources of which the Ernest Robertson Dam is the largest. Council also purchases water from the Department of Water Affairs, which is then supplied from the Klipheuwel Dam and the Wolwedans Dam.

3.3.1 Electricity

DESCRIPTION	Actual 2007/08	Actual 2008/09	Variance	Adjusted Budget 2008/09	Variance
Income	117 930 399	144 614 818	22.6%	145 516 164	(0.6%)
Expenditure	71 307 628	107 287 084	50.5%	103 430 954	3.7%
Surplus/(deficit)	46 622 771	37 327 734	(19.9%)	42 085 210	(11.3%)
Surplus/(deficit) as % of total income	39.5%	25.8%		28.9%	

Variance from 2007/08 actual:

The Electricity service shows a surplus for both the 2007/08 and the 2008/09 financial years, with a decrease of 19,9 percent between the two years. The surplus of R37,3 million for the 2008/09 financial year represents a profit percentage of 25,8 percent, whereas a 39,5 profit percentage was realised in the 2007/08 financial year.

Variance from 2008/09 budget:

The total actual income is 0,6 percent lower than the budgeted amount of R145,5 million for the 2008/09 financial year, whilst the expenditure is 3,7 percent more than the budgeted amount of R103,4 million.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

The following table shows the information regarding Electricity distribution:

ELECTRICITY DISTRIBUTION	2007/08 Financial year	2008/09 Financial year
<i>Units Purchased (Kwh)</i>	307,107,000	307,403,704
<i>Purchase price per kwh</i>	18,9 cent	25,72 cent
<i>Units Sold (Kwh)</i>	279,083,000	284,372,556
<i>Free Units</i>		7,681,610
<i>Units lost during distribution (Kwh)</i>	24,024,000	15,349,538
<i>Percentage lost during distribution</i>	7.93 %	4.99 %
<i>Net purchase cost (per unit)</i>	18,9 cent	25,72 cent
<i>Total cost per unit</i>	29,49 cent	29,21 cent
<i>Net sales per unit</i>	42,27 cent	54,45 cent
<i>Total income</i>	R117 957 576	R159 033 398

3.3.2 Water

DESCRIPTION	Actual 2007/08	Actual 2008/09	Variance	Adjusted Budget 2008/09	Variance
<i>Income</i>	65 662 823	68 190 190	3.8%	67 105 166	1.6%
<i>Expenditure</i>	42 987 233	50 100 214	16.5%	53 125 191	(5.7%)
<i>Surplus/(deficit)</i>	22 675 590	18 089 976	(20.2%)	13 979 975	29.4%
<i>Surplus/(deficit) as % of total income</i>	34.5%	26.5%		20.8%	

Variance from 2007/08 actual:

The Water service shows a surplus for both the 2007/08 and the 2008/09 financial year, with a decrease of 20,2 percent between the two years. The surplus of R18,1 million for the 2008/09 financial year represents a profit percentage of 26,5 percent, whereas a 34,5 profit percentage was realised in the 2007/08 financial year.

Variance from 2008/09 budget:

The total actual income is 1,6 percent more than the budgeted amount of R67,1 million for the 2008/09 financial year, whilst the expenditure is 5,7 percent less than the budgeted amount of R53,1 million.

The following table shows the information regarding Water distribution:

WATER DISTRIBUTION	2007/08 Financial year	2008/09 Financial year
<i>Mega litres Purified</i>	9 786	9790
<i>Mega litres Sold</i>	7 426	8328
<i>Mega litres Lost during distribution</i>	2 360	1462
<i>Percentage lost during distribution</i>	24.11%	14.93%
<i>Cost per mega litre purified</i>	1 833.47	2264.66
<i>Total income</i>	R48 062 467	R54 921 278
<i>Income per mega litre sold</i>	6 472.11	6 594.47

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

4 CAPITAL EXPENDITURE AND FINANCING

The capital expenditure during the year as stated in the financial statements amounted to R100 501 944 and was financed as follows:

<i>SOURCE OF FINANCE</i>	<i>2008/09 Actuals</i>	<i>% of Total Capital Expenditure</i>
<i>Capital Replacement Reserve</i>	70 004 700	69.7%
<i>Grants and Subsidies</i>	26 972 718	26.8%
<i>Public contributions</i>	64 474	0.1%
<i>Other</i>	3 460 052	3.4%
TOTAL	100 501 944	100.0%

Property, Plant and Equipment is funded to a great extent from the Capital Replacement Reserve as the Municipality does have the financial resources to finance infrastructure capital expenditure from its own funds.

5 CAPITAL REPLACEMENT RESERVE

The balance of the Capital Replacement Reserve as at 30 June 2009 amounted to R101 808 566 (R101 870 384 as at 30 June 2008).

The Capital Replacement Reserve replaces the previous statutory funds, e.g. the Consolidated Capital Development and Loans Fund, and is a cash-backed reserve established to enable the municipality to finance future capital expenditure. Cash contributions, depending on the availability thereof, are made annually to the reserve.

The municipality, in conjunction with its own capital requirements and external funds (external loans and grants) is able to finance its annual infrastructure capital programme.

Refer to the Statement of Changes in Net Assets for more detail.

6 EXTERNAL LOANS, INVESTMENTS AND CASH

On 30 June 2009 the outstanding external loans amounted to R4 899 619 (R4 723 276 in 2008). Annuity loans to the amount of R239 972, stock loans of R178 740 and leases to the amount of R1 308 870 were redeemed during this financial year.

Council's cashbook showed a negative balance of R1 098 895 and Petty Cash to the amount of R13 980 on 30 June 2009. The bank account showed a positive balance of R21 508 524 with external investments amounting to R203 million against R196 million of the previous year.

More particulars regarding external loans and investments appear in Notes 4 and 20 as well as Appendix A.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

7 NON-CURRENT PROVISIONS

These provisions are made in order to enable the municipality to be in a position to fulfil its known legal obligations when they become due and payable.

Non-current provisions amounted to R69 071 580 as at 30 June 2009 (R65 063 088 as at 30 June 2008) and is made up as follows:

Post Employment Health Care Benefits	R 60 258 159
Ex-Gratia Pensioners	R 789 937
Long Service Awards	R 5 242 359
Rehabilitation of Landfill Sites	R 546 000
Clearing of Alien Vegetation	<u>R 2 235 125</u>
	<u>R 69 071 580</u>

Refer to Notes 5 for more detail.

8 CURRENT LIABILITIES

Current Liabilities are those liabilities of the municipality due and payable in the short-term (less than 12 months). There is no known reason as to why the municipality will not be able to meet its obligations. Current Liabilities amounted to R86 992 987 as at 30 June 2009 (R53 733 926 as at 30 June 2008) and is made up as follows:

Consumer deposits	Note 7	R 9 468 865
Provisions	Note 8	R 5 582 908
Trade Payables	Note 9	R 52 221 282
Unspent conditional grants and receipts	Note 10	R 14 321 321
VAT	Note 11	R 2 326 786
Cash and Cash Equivalents	Note 20	R 1 098 895
Operating Lease Liability	Note 21	R 79 185
Current portion of long-term liabilities	Note 4	<u>R 1 893 744</u>
		<u>R 87 483 773</u>

9 CURRENT ASSETS

Current Assets amounted to R269 064 558 as at 30 June 2009 (R263 902 475 as at 30 June 2008) and is made up as follows:

Inventory	Note 16	R 11 206 726
Trade receivables from Exchange	Note 17	R 29 819 691
Other receivables from Non-Exchange	Note 18	R 24 407 394
Current portion of long-term receivables	Note 15	R 509 659
Cash and Cash Equivalents	Note 20	R203 013 980
Operating Lease Assets	Note 21	<u>R 107 108</u>
		<u>R269 064 558</u>

The investment deposits of R203 million (included in Cash and Cash Equivalents) are ring-fenced for the purposes of the Capital Replacement Reserve, Unspent Conditional Grants and the repayment of the current portion of Long-term Liabilities and no funds are available for own purposes.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

10 TRADE AND OTHER RECEIVABLES FROM EXCHANGE AND NON-EXCHANGE TRANSACTIONS

The net balance of Trade and Other receivables from Exchange transactions is indicated below:

<i>DEBTOR</i>	<i>As at 30 June 2009</i>	<i>As at 30 June 2008</i>	<i>Variance</i>
Service debtors:	28 736 249	23 437 094	22.6%
- Electricity	10 201 776	8 040 202	26.9%
- Water	7 234 017	5 818 668	24.3%
- Refuse	2 848 836	2 339 907	21.7%
- Sewerage	8 451 620	7 238 318	16.8%
Debtpack collections	5 474	8 978	-39.0%
Land Sales	6 379	7 456	-14.4%
Housing instalments	559 456	493 898	13.3%
Housing rentals	246 097	268 495	-8.3%
Other	266 036	468 003	-43.2%
TOTAL	29 819 691	24 683 924	20.8%

The net balance of Other receivables from Non-Exchange transactions is indicated below:

<i>DEBTOR</i>	<i>As at 30 June 2009</i>	<i>As at 30 June 2008</i>	<i>Variance</i>
Rates	5 157 004	4 177 904	23.4%
Accrued Income	12 979 115	10 514 929	23.4%
Other	6 271 275	7 658 267	-18.1%
TOTAL	24 407 394	22 351 100	9.2%

The municipality has during the financial year written off bad debts to the amount of R14 699 448.

11 EXPRESSION OF APPRECIATION

I am grateful to the Mayor, Deputy Mayor, members of the Executive Committee, Councillors, the Municipal Manager and Directors for the support extended during the financial year. A special word of thanks to all staff that assisted with the collation of year-end information, for without their valuable contributions and assistance these Annual Financial Statements would not have been possible.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

Note 1: Accounting Policy

The principal accounting policies applied in the preparation of these financial statements are set out below and are consistent with those applied in the previous year unless otherwise stated.

1.1 Basis of preparation

The annual financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practices (GRAP) prescribed by the Minister of Finance in terms of Government Gazette 28095, December 2005 and Government Gazette 31021, May 2008.

The effective standards, in accordance with Directive 5 of the Accounting Standards Board, are summarised as follows:

Reference	Topic
GRAP 1	Presentation of Financial Statements
GRAP 2	Cash Flow Statements
GRAP 3	Accounting Policies, Changes in Accounting Estimates and Errors
GRAP 4	The Effects of Changes in Foreign Exchange Rates
GRAP 5	Borrowing Costs
GRAP 6	Consolidated and Separate Financial Statements
GRAP 7	Investments in Associates
GRAP 8	Interests in Joint Ventures
GRAP 9	Revenue from Exchange Transactions
GRAP 10	Financial Reporting in Hyperinflationary Economies
GRAP 11	Construction Contracts
GRAP 12	Inventories
GRAP 13	Leases
GRAP 14	Events After the Reporting Date
GRAP 16	Investment Property
GRAP 17	Property, Plant and Equipment
GRAP 19	Provisions, Contingent Liabilities and Contingent Assets
GRAP 100	Non-current Assets Held for Sale and Discontinued Operations
GRAP 101	Agriculture
GRAP 102	Intangible Assets

Accounting policies for material transactions, events or conditions not covered by the above GRAP Standards have been developed in accordance with paragraphs 7, 11 and 12 of GRAP 3. These accounting policies and the applicable disclosures have been based on the South African Statements of Generally Accepted Accounting Practices (SA GAAP) including any interpretations of such Statements issued by the Accounting Practices Board.

Assets, liabilities, revenue and expenses have not been offset except when offsetting is permitted or required by a Standard of GRAP.

The accounting policies applied are consistent with those used to present the previous year's financial statements, unless explicitly stated. The details of any changes in accounting policies are explained in the relevant notes to the Financial Statements.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

1.2 Presentation currency

These annual financial statements are presented in South African Rand.

1.3 Going concern assumption

These annual financial statements are prepared on the basis that the municipality will remain a going concern for the foreseeable future.

1.4 Segmental reporting

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and return that are different from those of segments operating in other economic environments.

1.5 Comparative Information

Budget information in accordance with GRAP 1, has been provided in an annexure to these financial statements and forms part of the audited annual financial statements.

When the presentation or classification of items in the annual financial statements is amended, prior period comparative amounts are restated, unless a standard of GRAP does not require the restatements of comparative information. The nature and reason for the reclassification is disclosed. Where material accounting errors have been identified in the current year, the correction is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly. Where there has been a change in accounting policy in the current year, the adjustment is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly.

1.6 Standards, Amendments To Standards And Interpretations issued but not yet effective

The following GRAP standards have been issued but are not yet effective and have not been early adopted by the municipality:

GRAP 18	Segment Reporting
GRAP 21	Impairment of non-cash-generating assets
GRAP 23	Revenue from Non-Exchange Transactions (Taxes and Transfers)
GRAP 24	Presentation of Budget Information in Financial Statements
GRAP 26	Impairment of cash-generating assets
GRAP 103	Heritage Assets

1.7 Foreign currency transactions

Municipality will not incur a foreign currency liability other than that allowed by the MFMA.

1.8 Housing Development Fund

The Housing Development Fund was established in terms of Section 15(5) and 16 of the Housing Act, (Act 107 of 1997), which came into operation on 1 April 1998, requires that the municipality maintain a separate housing operating account.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

Loans from National and Provincial Government used to finance housing developments undertaken by the Municipality were extinguished on 1 April 1998 and transferred to the Housing Development Fund.

The Housing Act also requires in terms of Section 14(4)(d)(ii)(aa) read with, *inter alia*, Section 16(2) that the net proceeds of any rental, sale of property or alienation, financed previously from government housing funds, be paid into a separate operating account and be utilised by the Municipality for housing development subject to the approval of the Provincial MEC responsible for housing.

The following provisions are set for the creation and utilisation of the Housing Fund:

- The proceeds in this fund are utilised for housing developments in accordance with the National Housing Policy and also for housing development projects approved by the MEC.
- Any contributions to or from the fund are shown as transfers in the Statement of Changes in Net Assets.
- Any surplus / (deficit) on the Housing Statement of Financial Performance must be transferred to the Housing Development Fund.

1.9 Reserves

1.9.1 Capital Replacement Reserve (CRR)

In order to finance the future provision of infrastructure and other items of property, plant and equipment from internal sources amounts are transferred out of the accumulated surplus/(deficit) into the Capital Replacement Reserve (CRR) in terms of a decision by the Accounting Officer. The cash allocated to the CRR can only be utilised to finance items of property, plant and equipment. The following provisions are set for the creation and utilisation of the CRR:

- The cash which backs up the CRR is invested until it is utilised. The cash may only be invested in accordance with the investment policy of the municipality.
- The CRR may only be utilised for the purpose of purchasing items of property, plant and equipment for the municipality and may not be used for the maintenance of these items.
- The proceeds from the disposal of property, plant and equipment originally financed through the CRR must be transferred to the CRR.
- All proceeds from the sale of land will be transferred from the Accumulated Surplus to the CRR via the Statement of Changes in Net Assets.
- The CRR is reduced and the accumulated surplus/(deficit) credited with corresponding amounts when the funds are utilised.
- The amounts transferred to the CRR are based on the Municipality's need to finance future capital projects. The Integrated Development Plan, the municipality's ability to raise external finance and the amount of government grants and subsidies that will be received in future will be taken into account in order to determine the annual contribution to the CRR.

1.9.2 Revaluation Reserve

The surplus arising from the revaluation of land and buildings is credited to a non-distributable reserve. All land and buildings recorded in the Municipality's asset register shall be revalued when the Council is of the opinion that economic conditions have had a substantial impact on the value of land and buildings within the municipal area. Under such circumstances a sworn valuer will be appointed to perform a valuation of all land and buildings.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

The revaluation surplus is realised as revalued buildings are depreciated, through a transfer from the revaluation reserve to the accumulated surplus/(deficit). On disposal the net revaluation surplus is transferred to the accumulated surplus/(deficit) while gains or losses on disposal, based on current values, are credited or charged to the Statement of Financial Performance.

1.10 Financial Instruments

The municipality has various types of financial instruments and these can be broadly categorised as either *Financial Assets* or *Financial Liabilities*.

1.10.1 Financial Assets

A financial asset is any asset that is a cash equivalent or contractual right to receive cash. The municipality has the following types of financial assets as reflected in the Statement of Financial Position or in the notes thereto:

- Long-term Receivables
- Trade and Other Receivables from Exchange Transactions
- Other Receivables from Non-Exchange Transactions
- Current portion of Long-term Receivables
- Short-term Investment Deposits
- Bank Balances and Cash
- Operating lease assets

The *Financial Assets* of the municipality are presently classified as follows into three categories:

Type of Financial Asset	Classification in terms of IAS 39.09
Long-term Receivables	Loans and receivables
Trade and Other Receivables from Exchange Transactions	Loans and receivables
Other Receivables from Non-Exchange Transactions	Loans and receivables
Current portion of Long-term Receivables	Loans and receivables
Short-term Investment Deposits	Held to maturity
Bank Balances and Cash	Held to maturity
Operating lease assets	Held to maturity

1.10.2 Financial Liabilities

A financial liability is a contractual obligation to deliver cash or another financial asset to another entity. The municipality has the following types of financial liabilities as reflected in the Statement of Financial Position or in the notes thereto:

- Long-term Liabilities
- Provisions
- Trade and Other Payables
- Bank Overdraft
- Current Portion of Long-term Liabilities
- Defined Benefit Obligations
- Consumer Deposits
- VAT
- Operating lease liabilities

There are two main categories of Financial Liabilities, based on how they are measured. Financial liabilities may be measured at:

- (i) Fair value through profit or loss; or
- (ii) Not at fair value through profit or loss ('other financial liabilities').

Trade and Other Payables

Trade and Other payables are stated at their settlement value.

Accrued Leave Pay

Liability for annual leave is recognised as it accrues to employees. Provision is based on the total accrued leave days at year-end.

1.10.3 Measurement

Financial Assets:

Held-to-maturity investments and loans-and-receivables are initially measured at fair value and subsequently measured at amortised cost. Financial assets are measured at fair value with the profit or loss being recognised in the Statement of Financial Performance.

Financial Liabilities:

Financial liabilities are measured at amortised cost using the effective interest rate method where applicable.

1.10.4 Impairment of Financial Assets

Annually an assessment is made as to whether there is any impairment of Financial Assets. If so, the recoverable amount is estimated and an impairment loss is recognised.

Consumer Debtors are stated at cost less a provision for impairment. The provision is made by assessing the recoverability of consumer debtors collectively after grouping the debtors in financial asset groups with similar credit risk characteristics.

Loans and Receivables are non-derivative Financial Assets with fixed or determinable payments. They are included in current assets, except for maturities greater than 12 months, which are classified as non-current assets. Loans and receivables are recognised initially at cost which represents fair value. After initial recognition Financial Assets are measured at amortised cost, using the effective interest rate method less a provision for impairment. All classes of loans and receivables are separately assessed for impairment annually.

1.11 Leases

1.11.1 Lessee Accounting

Amounts held under finance leases are initially recognised as assets of the Municipality at their fair value at the inception of the lease or, if lower at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

Finance charges are charged directly to profit or loss, unless they are directly attributable to qualifying assets, in which case they may be capitalised in accordance with the Municipality's policy on borrowing costs.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

The Municipality will not incur a foreign currency lease liability other than that allowed by the MFMA.

1.11.2 Lessor Accounting

Amounts due from lessees under finance leases are recorded as receivables at the amount of the Municipality's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return to the Municipality's net investment outstanding in respect of the leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

1.12 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for the intended use or sale, added to the costs of these assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets may be deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the statement of financial performance in the period in which they are incurred.

1.13 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the Statement of Financial Performance over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Municipality has the unconditional right to defer settlement of the liability for at least 12 months after the date of the Statement of Financial Position.

1.14 Provisions

A provision is recognised when the municipality has a present obligation (legal or constructive) as a result of a past event and it is probable (i.e. more likely than not) that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The municipality has discounted provisions to their present value when the effect of the time value of money is material. The notional interest charge representing the unwinding of the provision discounting is included in the Statement of Financial Position.

Provisions are reviewed at each Statement of Financial Position date and adjusted to reflect the current best estimate.

1.15 Employee Benefits

(a) *Pension obligations*

The Municipality operate various pension schemes. The schemes are generally funded through payments to insurance companies or trustee-administered funds, determined by periodic actuarial calculations. The Municipality has both defined benefit and defined contribution plans. A defined contribution plan is a pension plan under which the Municipality pays fixed contributions into a separate entity. The Group has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods. A defined benefit plan is a pension plan that is not a defined contribution plan. Typically, defined benefit plans define an amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating to the terms of the related pension liability.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the Statement of Financial Performance in the accounting period in which it occurs.

Past-service costs are recognised immediately in income, unless the changes to the pension plan are conditional on the employees remaining in service for a specified period of time (the vesting period). In this case, the past-service costs are amortised on a straight-line basis over the vesting period.

For defined contribution plans, the Municipality pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis.

The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(b) *Post Retirement Medical obligations*

The Municipality provides post-retirement healthcare benefits to its retirees. The entitlement to these benefits is usually conditional on the employee remaining in service up to retirement age and the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment using the same accounting methodology as used for defined benefit pension plans. Actuarial gains and losses arising from experience adjustments, and changes in actuarial assumptions are charged or credited to the Statement of Financial Performance. These obligations are valued annually by independent qualified actuaries.

(c) Long Service awards

Long service awards are provided to employees who achieve certain pre-determined milestones of service within the municipality. The municipality's obligation under these plans is valued by independent qualified actuaries bi-annually and the corresponding liability is raised. Payments are set-off against the liability, including notional interest, resulting from the valuation by the actuaries is charged against the Statement of Financial Performance as employee benefits upon valuation.

1.16 Trade Payables (Creditors)

Trade payables and other receivables are originally carried at fair value and subsequently are measured at amortised cost using the effective interest method.

1.17 Accrued Leave Pay

Liabilities for annual leave are recognised as they accrue to employees. The liability is based on the total amount of leave days due to employees at year end and also on the total remuneration package of the employee.

1.18 Unutilised Conditional Grants

Unutilised conditional grants are reflected on the Statement of Financial Position as a creditor – Unutilised conditional grants. They represent unspent government grants, subsidies and contributions from the public. This creditor always has to be backed by cash. The following provisions are set for the creation and utilisation of this creditor:

- The cash which backs up the creditor is invested until it is utilised.
- Interest earned on the investment is treated in accordance with grant conditions. If it is payable to the funder it is recorded as part of the creditor. If it is the Municipality's interest it is recognised as interest earned in the Statement of Financial Performance.
- Whenever an asset is purchased out of the unutilised conditional grant an amount equal to the cost price of the asset purchased is transferred from the Unutilised Conditional Grant into the statement of financial performance as revenue. Thereafter an equal amount is transferred on the Statement of changes in net assets to a Government Grant Reserve. This reserve is equal to the remaining depreciable value (book value) of assets purchased out of the Unutilised Conditional Grants. The Government Grant Reserve is used to offset depreciation charged on assets purchased out of the Unutilised Conditional Grants.

1.19 Value Added Tax

The Council accounts for Value Added Tax on the cash basis.

1.20 Property, Plant and Equipment

1.20.1 Initial Recognition

Property, plant and equipment are tangible non-current assets (including infrastructure assets) that are held for use in the production or supply of goods or services, rental to others, or for administrative purposes, and are expected to be used during more than one year. Items of property, plant and equipment are initially recognised as assets on acquisition date and are initially recorded at cost. The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the municipality. Trade discounts and rebates are deducted in arriving at the cost. The cost also includes the necessary costs of dismantling and removing the asset and restoring the site on which it is located.

Land identified for the first time is recognised at its fair value.

All donated Property, Plant and Equipment is recognised at its fair value.

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Where an asset is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of that asset on the date acquired.

Where an item of property, plant and equipment is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the assets acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it's deemed cost is the carrying amount of the asset(s) given up.

Major spare parts and servicing equipment qualify as property, plant and equipment when the municipality expects to use them during more than one period. Similarly, if the major spare parts and servicing equipment can be used only in connection with an item of property, plant and equipment, they are accounted for as property, plant and equipment.

1.20.2 Subsequent Measurement – Cost Model

Subsequent to initial recognition, items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Land is not depreciated as it is deemed to have an indefinite useful life.

Where the municipality replaces parts of an asset, it derecognises the part of the asset being replaced and capitalises the new component. Subsequent expenditure incurred on an asset is capitalised when it increases the capacity or future economic benefits associated with the asset.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

1.20.3 Depreciation and Impairment

Depreciation is calculated on the depreciable amount, using the straight-line method over the estimated useful lives of the assets. Components of assets that are significant in relation to the whole asset and that have different useful lives are depreciated separately. The annual depreciation rates are based on the following estimated useful lives.

	Years		Years
Infrastructure		Other	
Roads and Paving	30	Buildings	30
Pedestrian Malls	30	Specialist vehicles	10
Electricity	20-30	Other vehicles	5
Water	15-20	Office equipment	3-7
Sewerage	15-20	Furniture and fittings	7-10
Housing	30	Watercraft	15
		Bins and containers	5
Community		Specialised plant and	
Improvements	30	Equipment	10-15
Recreational Facilities	20-30	Other plant and	
Security	5	Equipment	2-5
		Landfill sites	15

1.20.4 De-recognition

Items of property, plant and equipment are derecognised when the asset is disposed or when there are no further economic benefits or service potential expected from the use of the asset. The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statement of Financial Performance.

1.21 Investment Property

1.21.1 Initial Recognition

Investment property includes property (land or a building, or part of a building, or both land and buildings held under a finance lease) held to earn rentals and/or for capital appreciation, rather than held to meet service delivery objectives, the production or supply of goods or services, or the sale of an asset in the ordinary course of operations.

At initial recognition, the municipality measures investment property at cost including transaction costs once it meets the definition of investment property. However, where an investment property was acquired through a non-exchange transaction (i.e. where it acquired the investment property for no or a nominal value), its cost is its fair value as at the date of acquisition.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to owner occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use.

If owner occupied property becomes an investment property, the municipality accounts for such property in accordance with the policy stated under property, plant and equipment up to the date of change in use.

The cost of self-constructed investment property is the cost at date of completion.

1.21.2 Subsequent Measurement – Fair Value

Subsequent to initial recognition investment properties are shown at fair value, based on periodic, but at least every three years, valuations by external independent valuers. Gains or losses arising from changes in the fair value of investment property are included in profit or loss for the period in which they arise.

1.21.3 De-recognition

Investment property is derecognised when it is disposed or when there are no further economic benefits expected from the use of the investment property. The gain or loss arising on the disposal or retirement of an item of investment property is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statement of Financial Performance.

1.22 Intangible Assets

1.22.1 Initial Recognition

An intangible asset is an identifiable non-monetary asset without physical substance. Examples include computer software, licences and development costs. The municipality recognises an intangible asset in its Statement of Financial Position only when it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the municipality and the cost or fair value of the asset can be measured reliably.

Internally generated intangible assets are subject to strict recognition criteria before they are capitalised. Research expenditure is never capitalised, while development expenditure is only capitalised to the extent that:

- the municipality intends to complete the intangible asset for use or sale;
- it is technically feasible to complete the intangible asset;
- the municipality has the resources to complete the project; and
- it is probable that the municipality will receive future economic benefits or service potential.

Intangible assets are initially recognised at cost.

Where an intangible asset is acquired by the municipality for no or nominal consideration (i.e. a non exchange transaction), the cost is deemed to be equal to the fair value of that asset on the date acquired.

Where an intangible asset is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it's deemed cost is the carrying amount of the asset(s) given up.

1.22.2 Subsequent Measurement – Cost Model

Intangible assets are subsequently carried at cost less accumulated amortisation and impairments. The cost of an intangible asset is amortised over the useful life where that useful life is finite. Where the useful life is indefinite, the asset is not amortised but is subject to an annual impairment test.

1.22.3 Amortisation and Impairment

Amortisation is charged so as to write off the cost or valuation of intangible assets over their estimated useful lives using the straight line method. The annual amortisation rates are based on the following estimated useful lives:

<u>Intangible Assets</u>	<u>Years</u>
Computer Software	5

1.22.4 De-recognition

Intangible assets are derecognised when the asset is disposed or when there are no further economic benefits or service potential expected from the use of the asset. The gain or loss arising on the disposal or retirement of an intangible asset is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statement of Financial Performance.

1.23 Non-Current Assets held for sale

1.23.1 Initial Recognition

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

1.23.2 Subsequent Measurement

Non-current assets held for sale (or disposal group) are measured at the lower of carrying amount and fair value less costs to sell.

A non-current asset is not depreciated (or amortised) while it is classified as held for sale, or while it is part of a disposal group classified as held for sale.

Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale are recognised in surplus or deficit.

1.24 Impairment of Tangible and Intangible Assets

At each Statement of Financial Position date the municipality reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the municipality estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Assets that have an indefinite useful life, for example goodwill, are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

A reversal of an impairment loss is recognised immediately in the Statement of Financial Performance, unless the asset is carried at a revalued amount, in which case the reversal of the impairment is treated as a Revaluation Reserve increase.

1.25 Financial Assets

The Municipality classifies its financial assets in the following categories: loans and receivables, investments in associates, investments in municipal entities and joint ventures. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

(a) *Investment in Associate*

An associate is an entity over which the Municipality is in a position to exercise significant influence, through participation in the financial and operating policy decisions of the investee.

The results and assets and liabilities of associates are incorporated in these financial statements using the equity method of accounting. The carrying value of the investment in associates is adjusted for the municipality's share of operating surpluses/(deficits) less any dividends received.

Where the Municipality or its Municipal Entities transact with an associate, unrealised gains and losses are eliminated to the extent of the Municipality's or its Municipal Entities' interest in the relevant associate, except where unrealised losses provide evidence of an impairment of the asset transferred.

Where the Municipality is no longer able to exercise significant influence over the associate the equity method of accounting is discontinued.

The carrying amounts of such investments are reduced to recognise any decline, other than a temporary decline, in the value of individual investments.

(b) *Investment in Municipal Entities*

Investments in municipal entities under the ownership control of the Municipality are carried at cost. Separate consolidated financial statements are prepared to account for the Municipality's share of net assets and post-acquisition results of these investments.

(c) Interests in Joint Ventures

A joint venture is a contractual arrangement whereby the Municipality and other parties undertake an economic activity that is subject to joint control. Interests in joint ventures are stated at cost.

Jointly Controlled Operations

The Municipality recognises the assets that it controls, the liabilities and expenses that it incurs as well as its share in the revenue that it earned from the sale or provision of goods or services by the joint venture.

Jointly Controlled Assets

The Municipality's share of the jointly controlled assets and liabilities is recognised in the statement of financial position and is classified according to their nature. Revenue from the sale or use of the Municipality's share of the output of the jointly controlled assets, and its share of the expenses incurred is recognised in the statement of financial performance.

Jointly Controlled Entities

Interests in jointly controlled entities are stated at cost.

1.26 Inventories

1.26.1 Initial Recognition

Inventories comprise current assets held for sale, consumption or distribution during the ordinary course of business. Inventories are initially recognised at cost. Cost generally refers to the purchase price, plus non-recoverable taxes, transport costs and any other costs in bringing the inventories to their current location and condition. Where inventory is manufactured, constructed or produced, the cost includes the cost of labour, materials and overheads used during the manufacturing process.

Where inventory is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of the item on the date acquired.

1.26.2 Subsequent Measurement

Inventories, consisting of consumable stores, raw materials, work-in-progress and finished goods, are valued at the lower of cost and net realisable value unless they are to be distributed at no or nominal charge, in which case they are measured at the lower of cost and current replacement cost. Redundant and slow-moving inventories are identified and written down from cost to net realisable value with regard to their estimated economic or realisable values. Consumables are written down with regard to their age, condition and utility. Differences arising on the valuation of inventory are recognised in the Statement of Financial Performance in the year in which they arose. The amount of any reversal of any write-down of inventories arising from an increase in net realisable value or current replacement cost is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

Unsold properties are valued at the lower of cost and net realisable value on a weighted average cost basis. Direct costs are accumulated for each separately identifiable development.

The carrying amount of inventories is recognised as an expense in the period that the inventory was sold, distributed, written off or consumed, unless that cost qualifies for capitalisation to the cost of another asset.

In general, the basis of allocating cost to inventory items is the weighted average method.

1.27 Trade and other Receivables

Trade receivables are recognised initially at originating cost and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Municipality will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 90 days overdue) are considered indicators that the trade receivable is impaired.

When a trade receivable is uncollectible, it is written off in terms of the municipality's Credit Control and Debt Collection Policy. Subsequent recoveries of amounts previously written off are credited against to the Statement of Financial Performance.

1.28 Cash and Cash Equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

1.29 Revenue Recognition

Service charges relating to electricity and water are based on consumption. Meters are read on a monthly basis and are recognised as revenue when invoiced. Provisional estimates of consumption are made monthly when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read.

These adjustments are recognised as revenue in the invoicing period. Revenue from the sale of electricity and water prepaid meter cards are recognised at the point of sale.

Service charges relating to refuse removal are recognised on a monthly basis in arrears by applying the approved tariff to each property that has improvements. Tariffs are determined per category of property usage, and are levied monthly.

Service charges from sewerage and sanitation for residential and business properties are levied annually based on a fixed tariff.

Interest and rentals are recognised on a time proportion basis.

Dividends are recognised on the date that the Municipality becomes entitled to receive the dividend.

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant tariff. This includes the issuing of licences and permits.

Interest earned on investments is recognised in the Statement of Financial Performance on a time proportionate basis that takes into account the effective yield on the investment. Interest earned on the following investments is not recognised in the Statement of Financial Performance:

- Interest earned on unutilised conditional grants is allocated directly to the unutilised conditional grant creditor, if the grant conditions indicate that interest is payable to the funder.

Revenue from the sale of goods is recognised when **all** the following conditions have been satisfied:

- The municipality has transferred to the buyer the significant risks and rewards of ownership of the goods.
- The municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality.
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Income for agency services is recognised on a monthly basis once the income collected on behalf of agents has been quantified. The income recognised is in terms of the agency agreement.

Finance income from the sale of housing by way of instalment sales agreements or finance leases is recognised on a time proportionate basis.

Revenue from public contributions is recognised when all conditions associated with the contribution have been met or where the contribution is to finance property, plant and equipment, when such items of property, plant and equipment is brought into use. Where public contributions have been received but the municipality has not met the condition, a liability is recognised.

Revenue from non-exchange transactions

Revenue from property rates is recognised when the legal entitlement to this revenue arises. Collection charges are recognised when such amounts are legally enforceable. Penalty interest on unpaid rates is recognised on a time proportion basis.

Fines constitute both spot fines and summonses. Revenue from spot fines and summonses is recognised when payment is received. A calculation of fines to be received is made at year-end based on the average collection rate of the past three years.

Donations are recognised on a cash receipt basis or where the donation is in the form of property, plant and equipment, when such items of property, plant and equipment are brought into use.

Contributed property, plant and equipment are recognised when such items of property, plant and equipment are brought into use.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

Revenue from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the Municipal Finance Management Act (Act No.56 of 2003) and is recognised when the recovery thereof from the responsible councillors or officials is virtually certain.

Conditional Grants and Receipts

Revenue received from conditional grants, donations and funding are recognised as revenue to the extent that the Municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. To the extent that the criteria, conditions or obligations have not been met a liability is recognised.

1.30 Related parties

Individuals as well as their close family members, and/or entities are related parties if one party has the ability, directly or indirectly, to control or jointly control the other party or exercise significant influence over the other party in making financial and/or operating decisions. Key management personnel is defined as the Municipal Manager, Chief Financial Officer and all other managers reporting directly to the Municipal Manager or as designated by the Municipal Manager.

1.31 Unauthorised Expenditure

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in the form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No.56 of 2003). Unauthorised expenditure is accounted for as an expense in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

1.32 Irregular Expenditure

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the Municipality's supply chain management policy.

Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

1.33 Fruitless and Wasteful Expenditure

Fruitless and wasteful expenditure is expenditure that was made in vain and would have been avoided had reasonable care been exercised. Fruitless and wasteful expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

1.34 Rounding

The amounts reflected in the financial statements of the Municipality are all in Rand, and all amounts are rounded off to the nearest Rand.

MOSSEL BAY MUNICIPALITY

Notes 2 – 47: Other Notes to Annual Financial Statements

2. HOUSING DEVELOPMENT FUND

	2009 R	2008 R
Balance at beginning of the year	9 989 856	3 833 336
Income	14 940	10 470 104
Land Sales	7 440	9 014
Housing Letting/Selling Scheme Loans	7 500	10 461 090
Housing Selling Scheme Loans Interest	-	-
Housing Debtors	-	-
Less: Expenditure	150 557	4 313 585
Funding Capital Projects	-	-
Funding Operating Projects	150 557	4 313 585
Total Housing Development Fund assets and liabilities	9 854 239	9 989 856

Refer to Note 35.5 for detail regarding the restatement of previous year balances.

3. RESERVES

Capital Replacement Reserve	101 808 566	101 870 384
Future Depreciation Reserve	-	-
Assets financed ex Capitalisation Reserve	-	-
Assets financed ex Government Grant	-	-
Assets financed ex Donations and Public Contributions	-	-
	101 808 566	101 870 384

The Capital Replacement Reserve is fully funded and invested in ring-fenced financial instruments.

Refer to Notes 35.4 & 36.5 for detail regarding the restatement of previous year balances.

4. LONG-TERM LIABILITIES

Local registered stock loans	656,484	840 175
Annuity loans	320,731	490 770
Finance lease liability	3,922,404	3 392 331
Sub-total	4 899 619	4 723 276
Less: Current portion transferred to current liabilities	1 893 744	1 942 895
Local registered stock loans	160 957	293 493
Annuity loans	239 973	239 972
Finance lease liability	1 492 814	1 409 430
Total Long-term Liabilities	3 005 875	2 780 381

Local registered stock loans:

Local registered stock loans bear interest at rates between 12 and 15 percent per annum and are repayable between one and ten years.

Annuity loans:

Annuity loans bear interest at NIL percent. One of these loans will be fully redeemed in the 2009/10 financial year and the other will be redeemed in the 2012/13 financial year.

Finance lease liability:

Finance lease liabilities relate to vehicles and office equipment with lease terms not more than five years.

Finance leases bear interest at rates between 11 and 15 percent.

Finance lease liabilities are secured over the items of vehicles and office equipment leased.

Obligations under Finance leases:

Finance lease liabilities - Minimum capital lease payments:

No later than 1 year	1 492 814	1 014 893
Later than 1 year and no later than 5 years	3 293 232	2 826 228
Later than 5 years	-	-
	4 786 046	3 841 122
Future finance charges on finance leases	(863 642)	(448 791)
	3 922 404	3 392 331

The present value of finance lease liabilities is as follows:

No later than 1 year	2 398 820	1 409 430
Later than 1 year and no later than 5 years	1 523 584	1 982 900
Later than 5 years	-	-
	3 922 404	3 392 331

Refer to Appendix A for more detail on long-term liabilities and the unamortised discount on these liabilities.

OTHER DEFINED BENEFIT PLAN INFORMATION

5.1 POST EMPLOYMENT HEALTH CARE BENEFITS

The Municipality provides certain post retirement medical benefits by funding the medical aid contributions of certain retired members of the Municipality. According to the rules of the medical aid funds, with which the municipality is associated, a member (who is on the current condition of service), on retirement, is entitled to remain a continued member of such medical aid fund, in which case the Municipality is liable for a certain portion of the medical aid membership fee.

	2009	2008
The Post Employment Health Care Benefit Plan is a defined benefit plan, of which the members are made up as follows:		
- In-service members	471	400
- Continuation members	93	95
Total	<u>564</u>	<u>495</u>

The liability in respect of past service has been estimated to be as follows:

	R	R
- In-service members	31 650 601	31 929 042
- Continuation members	30 503 258	31 029 227
	<u>62 153 859</u>	<u>62,958,269</u>

The municipality makes monthly contributions for health care arrangements to the following medical aid schemes:

- Bonitas;
- Global Health;
- Hosmed;
- LA Health;
- Munimed;
- Samwumed.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

The future service cost for the ensuing year is established to be R4 042 131 whereas the interest-cost for the next year is estimated to be R5 588 328.

Key actuarial assumptions used:

	2009	2008
i) Rate of interest		
Discount Rate	9.13%	10.69%
Health Care Cost Inflation Rate	7.80%	9.69%
Net Effective Discount Rate	1.24%	0.91%

ii) Mortality rates

The PA 90-1 ultimate Mortality table was used by the actuaries for post-retirement and the SA 85-90 Mortality table was used for current employment.

iii) Average retirement age

The average retirement age for employees of the municipality is 60 years.

iv) Other assumptions

It is assumed that 95% of the members will continue with their membership at retirement. It is also assumed that 95% of members will be married at retirement.

The amounts recognised in the Statement of Financial Position are as follows:

	2009 R	2008 R
Present value of fund obligations	62 153 859	62 958 269
Fair value of plan assets	-	-
	<u>62 153 859</u>	<u>62 958 269</u>
Unrecognised past service cost	-	-
Unrecognised actuarial losses	-	-
Present value of unfunded obligations	62 153 859	62 958 269
Net liability	<u>62 153 859</u>	<u>62 958 269</u>

The municipality had elected to recognise the full increase in this defined benefit liability immediately, as per IAS 19 *Employee Benefits*, paragraph 155(a).

The amounts recognised in the Statement of Financial Performance are as follows:

Current service cost	1 126 375	1 017 594
Interest cost	6 625 759	4 888 249
Actuarial losses/ (gains)	(6 553 051)	2 303 933
Vested past service cost	-	-
Total included in employee related costs (Note 27)	<u>1 199 083</u>	<u>8 209 776</u>

Sensitivity Analysis:

Effect on the defined benefit obligation:

Assumptions	Change	Liability (R'000)	% Change
Central assumptions		62.154	
Health Care inflation	+1%	72.638	17%
Health Care inflation	-1%	53.705	-14%
Post-retirement mortality	-1 yrs	64.201	3%
Average retirement age	-1 yrs	64.815	4%
Withdrawal rate	-50%	65.773	6%

5.2 EX-GRATIA PENSIONERS

The Ex-Gratia Pensioner Benefit Plan is a defined benefit plan. As at 30 June 2009, 14 pensioners were eligible for payments in terms of this plan.

The Municipality provides pension benefits to all employees that are not members of the Pension - or Provident Funds, that have completed at least 10 years of service at the Council and have reached the age of 60. The benefit is calculated according to the average annual salary earned during the last year of service multiplied by number of years of service, divided by 60.

The contribution rate payable is as follows:

For continuation members, the member contribution is 70 % and the Council contribution is 30%. For current employees the contribution rate is 60/40.

The interest-cost for the next year is estimated to be R75 534. Actuaries are of opinion that future service cost need not be determined for pension fund liability as all benefits vests immediately.

Key actuarial assumptions used:

	2009	2008
i) Rate of interest		
Discount Rate	8.44%	8.64%
Pension increase rate	2.78%	1.89%
Post retirement discount rate	5.51%	4.25%

ii) Mortality rates

The PA(90)-1 mortality table was used by the actuaries.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

	2009 R	2008 R
The amounts recognised in the Statement of Financial Position are as follows:		
Present value of fund obligations	899 085	1 003 461
Fair value of plan assets	-	-
	<u>899 085</u>	<u>1 003 461</u>
Unrecognised past service cost	-	-

Average retirement age	-2 yrs	662 831	-10%
Withdrawal rates	-50%	912 704	24%

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

5.4 REHABILITATION OF LANDFILL SITES

Provision is made in terms of the Municipality's licensing stipulations of the landfill sites for the rehabilitation of these sites. The provision has been determined on the basis of a recent independent study. The payment dates of total closure and rehabilitation are uncertain, but are expected to be between 2011 and 2015.

5.5 CLEARING OF ALIEN VEGETATION

Provision is made in terms of the Conservation of Agricultural Resources Act, 1983 (Act 43 of 1983) for the clearing of alien vegetation as settlement of the obligations in respect of this Act.

5.6 INFORMATION ABOUT THE MUNICIPALITY'S OTHER RETIREMENT FUNDS

The personnel of the Mosselbay Municipality are members of the funds as set out below. These schemes are subject to either a tri-annual, bi-annual or annual actuarial valuation, details which are provided below. The Cape Joint Pension Fund and Cape Joint Retirement Fund are defined benefit plans, whereas the Municipal Councillors Fund and the Provident Fund are defined contribution plans. Sufficient information is not available to use defined benefit accounting for the pension and retirement funds, due to the following reasons:

- The assets of each fund are held in one portfolio; these assets are not notionally allocated to each of the participating employers.
- One set of financial statements are compiled for each fund and financial statements are not drafted for each participating employer.
- The same rate of contributions applies to all participating employers, and no regard is paid to differences in the membership distribution of the participating

It is therefore seen that each fund operates as a single entity and is not divided into sub-funds for each participating employer.

CAPE JOINT PENSION FUND

The Cape Joint Pension Fund is a multi-employer plan and the contribution rate payable is 9%, by the members and 18% by Council. The last valuation performed for the year ended 30 June 2006 (30 June 2005) revealed that the fund had an actuarial surplus of R293,01 (R87,2) million with a funding level of 111,4% (103,4%), and is in a sound financial state as at 30 June 2006.

CAPE JOINT RETIREMENT FUND

The contribution rate paid by the members (9,0%) and Council (18,0%) is sufficient to fund the benefits accruing from the fund in future. The last valuation performed for the year ended 30 June 2006 (30 June 2003) revealed that the fund had an actuarial surplus of R38,58 (R0) million with a funding level of 114% (100%). Certified in a sound financial position as at 30 June 2006.

SALA PENSION FUND

The fund has been certified in a sound financial position as at 1 July 2006 and has improved to a position where it is now 100% funded. It should be noted that the rule amendments giving effect to the changes as at 1 July 2003 in terms of the previous Scheme of Arrangement have been approved. Although these rule amendments were fully backdated, there is a risk that some agterskot benefit payments may still necessary in terms of the precedent set by the Adjudicator's ruling that a member was underpaid in a specific instance. Provision for this eventuality has been made in the financial account of the Fund. The Council is contributing an additional 2,71% to the fund as from 1 July 2005 effective from July 2003.

MUNICIPAL COUNCILLORS PENSION

The Municipal Councillors Pension Fund operates as a defined contribution scheme. The contribution rate paid by the members (13,75%) and council (15%) is sufficient to fund the benefits accruing from the fund in the future. The actuarial valuation of the fund was undertaken at 30 June 2005 and reported a funding ratio of 147.3%.

SOUTH AFRICAN MUNICIPAL WORKERS UNION NATIONAL PROVIDENT FUND

The contribution rate payable is 5% by the members and not less than 12% by Council. The last valuation performed for the year ended 30 June 2005, certified that the fund is in a sound financial state.

6. NON-CURRENT DEPOSITS

Santos Pavilion Repair Fund

Balance at beginning of year	185 909	331 444
Contributions during the year	-	-
Interest on Investment	16 380	17 316
Expenditure during the year	-	(162 851)
	<u>202 289</u>	<u>185 909</u>

This fund was created after the Pavilion burnt down a number of years ago. An entrepreneur restored the pavilion to its original form in exchange for a 99-year lease at a reasonable rent. It was also a condition that he should make available an amount of R100,000 to the council as an investment. Interest earned may be used by Council for the maintenance of the building should he fail to do it himself.

7. CONSUMER DEPOSITS

Electricity and Water

Total consumer deposits

No interest accrues on consumer deposits.

Guarantees held in lieu of electricity deposits

R	R
<u>9 468 865</u>	<u>8 164 883</u>
<u>9 468 865</u>	<u>8 164 883</u>
<u>10 000</u>	<u>10 000</u>

Guarantees held in lieu of electricity were R10 000 for 2009 (R10 000 for 2008) which is included in the total consumer deposits of R9 468 865 in 2009 (R8 164 883 in 2008).

Clearing of Alien Vegetation:

This is the current portion which is due of the non-current provision. (refer note 5)

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

Illegal Dumping:

Provision has been made to clean-up for Illegal Dumping costs for unlawful environmental damage. No provision is made in the 2008/09 financial year, seeing as the backlogs for clean-up of Illegal Dumping has been cleared and the clean-up of Illegal Dumping is now funded out of the operational budget of the municipality as normal maintenance.

Performance Bonuses:

Performance bonuses accrue to employees on an annual basis, subject to certain conditions. The provision is an estimate of the amount due to staff as at the financial year end.

9. TRADE AND OTHER PAYABLES

	2009	2008
	R	R
Trade payables	20 572 228	6 109 979
Payments received in advance	7 890 597	8 500 336
Accrued Expenditure	2 963 283	2 434 053
Retentions	7 740 812	5 578 264
Staff leave accrual	6 988 851	5 543 275
Other payables	833 842	507 096
Other deposits	5 231 669	4 604 256
Total Trade Payables	52 221 282	33 277 258

The fair value of trade and other payables approximates their carrying amounts. Trade and other payables are normally settled on 30 day terms in accordance with the MFMA. No interest is charged for the first 30 days from the date of receipt of the invoice. Thereafter interest is charged in accordance with the credit policies of the various individual creditors.

Refer to Notes 35.1 - 35.6 for detail regarding the restatement of previous year balances.

10. UNSPENT CONDITIONAL GRANTS AND RECEIPTS

9.1 Conditional grants from spheres of government

Provincial Grants (Note 23)	14 255 435	2 883 139
National Grants (Note 23)	6 842 836	1 255 779
Other Government Grants	6 811 677	243 674
	600 922	1 383 686

9.2 Other conditional receipts

District Municipality	65 885	32 351
Developers contributions	-	-
Public contributions	-	-
	65 885	32 351

Total conditional grants and receipts

	14 321 321	2 915 491
--	-------------------	------------------

These amounts are invested in a ring-fenced investment until utilised in terms of section 12 of the MFMA. Refer to Note 24 for reconciliation of Government Grants & Subsidies and Note 26 for reconciliation of Public Contributions. Also refer to Appendix F for further detail.

11. VAT

Opening Balance	3 436 067	2 986 235
VAT Payable (output)	(35 848 713)	(35 111 208)
VAT Receivable (Input)	35 173 200	28 476 390
Paid to SARS	(433 769)	7 084 649
Total Net VAT Payable	2 326 786	3 436 067

VAT is payable on the receipts basis. Only once payment is received from debtors is VAT paid over SARS.

12. PROPERTY, PLANT & EQUIPMENT

Disposals	-60,000	-
Implementation of IAS 40 Standard	-	-
Impairment losses	-	-
Carrying values at the end of the year	503 157 653	503 217 653
Cost	503 157 653	503 217 653

Investment property is property held to earn rentals or for capital appreciation or both, such as Land held for long-term capital appreciation or Vacant land held for undecided future use.

Revenue earned from Investment Property is disclosed in the Statement of Financial Performance. The Investment Property is carried at fair value.

Refer to Note 35.10 for detail regarding the restatement of previous year balance.

15. LONG-TERM RECEIVABLES

Loans to controlled Municipal Entities	3 972 674	5 030 072
Car Loans	46 643	92 778
Study Loans	107 150	172 805
Land Sales Debtors	34 707	43 867
Public Assistance Loans	424 546	474 265
Housing Selling Scheme Loans	3 359 628	4 246 356
Less: Current portion transferred to current receivables	509 659	1 306 304
Car Loans	46 643	45 897
Land Sales Debtors	642	2 754
Public Assistance Loans	160 957	161 493
Housing Selling Scheme Loans	301 418	1 096 160
Less: Provision for Impairment of long-term receivables	2 227 709	2 163 910
Housing Selling Scheme Loans	2 227 709	2 163 910
Total	1 235 306	1 559 858
Reconciliation of Impairment of Long-term receivables		
Balance at beginning of year	2 163 910	3 163 811
Contribution to / (Reversal from) provision	862 683	(233 229)
Bad Debts written off / recovered	(798 885)	(766 672)
Balance at end of year	2 227 708	2 163 910

Outstanding Land Sales debtors and Housing selling scheme loans were summarised in scheme numbers. A payment % report was also drawn from the system per suburb, as the report can not be drawn per scheme, and vice versa.

A payment % of 34.6 % was established and a provision for impairment was made for 65%.

No provision for impairment to be recognised for car, study and public assistance loans.

Loans to Employees (Car, Study and Computer loans)

Staff were entitled to various loans e.g. car loans which attract interest at 8% per annum and which are repayable over a maximum period of 6 years.

These loans were granted before the implementation of the MFMA and the last of the loans are repayable by May 2010.

Land Sales

Loans were granted to qualified individuals by Council. These loans attract interest at market-related interest rates.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

Public assistance loans

To facilitate the development of sporting facilities, loans were made to provide the necessary financial assistance. These attract interest at a rate of 8% to 15% per annum and are repayable over a maximum period of 15 years.

Housing Selling Scheme Loans

Housing loans are granted to qualifying individuals in terms of the National Housing Policy. These loans attract interest at a rate determined by the National Minister of Housing.

16. INVENTORY

	2009 R	2008 R
Consumable stores - at cost	348 945	632 496
Maintenance materials - at cost	4 324 194	4 527 486
Meters	210 363	133 180
Spare parts - at unauthorised value	5 240	5 518
Purification Materials	312 581	501 949
Unsold properties held for resale - at unauthorised value	5 830 286	5 980 842
Water purification	175 118	122 138
Total inventory	11 206 726	11 903 609

Inventory 2008/2009 = R5 376 441 (R5 922 767 in 2007/2008). Unsold properties held for sale transferred to inventory in 2008/09 = R 5 830 286 (R5 980 842 in 2007/2008). Total inventory = R11 206 726

Inventory to the value of R34 881,87 (R NIL in 2007/08) was written off during this financial year.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

	2009	2008
	R	R
Reconciliation of Provision for impairment of other receivables		
Balance at beginning of year	4 531 694	2 596 680
Contribution to / (Reversal from) provision	3 312 971	2 617 794
Bad Debts written off / recovered	(218 014)	(682 780)
Balance at end of year	7 626 651	4 531 694

Sundry debtors are grouped together in financial assets with similar credit risk characteristics and collectively assessed for impairment. However the "Other Debtors" are individually assessed.

A provision was made for the non-payment of the Operating Balance for Housing costs of 100%.

Refer to Notes 35.3, 35.4 & 36.4 for detail regarding the restatement of previous year balance.

19. INVESTMENTS

Short-term Investment deposits	203 000 000	196 000 000
Less: Current portion maturing within next 12 months - refer note 20	203 000 000	196 000 000
	<u>-</u>	<u>-</u>

Investments are made in accordance with the municipality's Cash Management and Investment policy as follows:

- That the broad investment policy framework be applicable
- Investments not be placed with foreign banks
- That council does not make use of the services of investment brokers
- Council's total investment portfolio be invested with banks rated as follows:
 - short-term investments (0 - 12 months) only institutions with an A1 and higher rating be used
 - long-term investments (more than 12 months) only institutions with AA or AAA or higher rating be used
- Not more than 50% of the total investments invested with one institution

No investments were written off during the year.

All accounts are with NEDBANK. The balance of account no. 1626566917 - cheque account, is swept to the main account - Primary bank account no. 1626566909.

Refer to Note 36.3 for detail regarding the restatement of previous year balance.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

21. OPERATING LEASES

The Municipality as lessee

Operating leases relate to Buildings with lease terms of between one to five years, with an option to extend for a further period. The municipality does not have an option to purchase the leased asset at the expiry of the lease period.

In respect of Non-cancellable Operating Leases the following liabilities have been recognised in the Statement of Financial Position:

	2009 R	2008 R
Balance at beginning of year	19,654	-
Movement for the year	59,531	19,654
Total Operating Lease Liabilities - as lessee	79 185	19 654

At the reporting date the municipality had outstanding commitments under non-cancellable operating leases for buildings, which fall due as follows:

	2009 R	2008 R
Buildings		
Up to 1 year	903,308	490 507
1 to 5 years	765,975	1 109 395
More than 5 years	-	-
Total Operating Lease arrangements - as lessee	1 669 283	1 599 902

The Municipality as lessor

Operating leases relate to Investment Property owned by the Municipality with lease terms of between one to five years. The lessee does not have an option to purchase the property at the expiry of the lease period.

In respect of Non-cancellable Operating Leases the following assets have been recognised in the Statement of Financial Position:

Balance at beginning of year	101,663	79,673
Movement for the year	5,444	21,990
Total Operating Lease Assets - as lessor	107 108	101 663

At the reporting date the municipality had lease receipts receivable under non-cancellable operating leases for Investment Property, which fall due as follows:

Investment Property		
Up to 1 year	467,656	500,773
1 to 5 years	983,678	1,272,092
More than 5 years	844,157	1,023,399
Total Operating Lease arrangements - as lessor	2 295 491	2 796 263

Operating leases are recognised on the straight-line basis as per the requirement of IAS 17. No restrictions have been imposed on the Municipality in terms of the lease agreements.

Refer to Note 36.6 and 36.7 for detail regarding the restatement of previous year balance.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

The valuation of land takes place every four years in terms of the determinations of the new Ordinance on Property Valuation, 1993. The Mossel Bay area, including the rural farms, were revalued with starting date 2 July 2007, whilst the valuation became effective from 1 July 2008. The basic rate which was applicable for the 2008/09 financial year in the various areas ranged between R0,000453 and R0,004156 on Land and R0,004530 and R0,004156 on Buildings respectively. Qualifying pensioners received an additional rebate of either 50% or 30% on property tax. With regard to needy families, where the joint income of husband and wife amounted to less than R2 500 a rebate was allowed with regard to water, refuse and sewerage. Regarding the housing schemes, it is noted that income for rates was not based on valuation.

Refer to Note 36.2 for detail regarding the restatement of previous year balance.

23. SERVICE CHARGES	2009 R	2008 R
Sale of electricity	134 825 295	109 068 453

The requirements of IFRS 5 have been applied prospectively as allowed by the mentioned Standard.

35. PRIOR YEAR ADJUSTMENTS

35.1 Trade and Other Payables: Other Payables - Applications Card Licences (Refer Note 9)

The payment for Card licence applications was only made to Province in December 2008 after an investigation into the outstanding balance. However, the creditor was transferred to the Expenditure vote during the 2006/07 year and is now reversed.

Balance at 30 June 2007 on 2007/08 financial statements	-
Creditor for "Application Card Licences" created	106 905
Restated balance of Trade Payables: Other Creditors - Applications Card Licences as at 30 June 2007	106 905

Balance at 30 June 2008 on 2007/08 financial statements	-
Creditor for "Application Card Licences" created in 2006/07 financial year	106 905
Restated balance of Trade Payables: Other Creditors - Applications Card Licences as at 30 June 2008	106 905

The Trade Payables and the Accumulated surplus for 2006/07 and 2007/08 is adjusted accordingly.

35.2 Trade and Other Payables: Trade Payables (Refer Note 9)

During the 2007/08 financial year too much provision was made for WCA against the Trade Creditors votes. This additional provision is now being reversed and the 2007/08 Trade Creditors is adjusted accordingly.

Balance at 30 June 2008 on 2007/08 financial statements	6 116 123
Reversal of additional provision for WCA	(6 144)
Restated balance of Trade Creditors as at 30 June 2008	6 109 979

The Trade Payables and the Accumulated surplus for 2007/08 is adjusted accordingly.

35.3 Trade and Other Payables: Other Payables (Refer Note 9) and Other Receivables from Non-exchange transactions: Other (Refer Note 18)

A review on the VAT indicators was done by PriceWaterhouseCoopers during the 2008/09 financial year. The VAT liability is adjusted for the 2006/07 and 2007/08 financial years in accordance with the recommendations from PriceWaterhouseCoopers after the review was completed.

Trade Payables: Other Creditors

Balance at 30 June 2007 on 2007/08 financial statements	-
VAT liability for the 2006/07 financial year	111 664
Restated balance of Trade Payables: Other Creditors - VAT expenditure Claimable as at 30 June 2007	111 664

Balance at 30 June 2008 on 2007/08 financial statements	-
VAT liability for the 2006/07 and 2007/08 financial year	212 224
Restated balance of Trade Payables: Other Creditors - VAT expenditure Claimable as at 30 June 2008	212 224

Other Receivables from Non-exchange transactions: Other

Balance at 30 June 2008 on 2007/08 financial statements	82
Debtor classified as Creditor due to VAT liability in 06/07 and 07/08 financial years	(82)
Restated balance of Other Receivables: Other - VAT expenditure Claimable as at 30 June 2008	-

The Trade Payables, Other Receivables from Non-exchange transactions and the Accumulated surplus for 2006/07 and 2007/08 is adjusted accordingly.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

35.4	<u>Correction of Asset w.r.t overpayment capitalised (Refer Notes 3, 9, 12 and 18)</u>	2009 R	2008 R
	An overpayment was made on a Capital Project during the 2007/08 financial year. This had an influence on the VAT as well. The asset was also capitalised and funded from the CRR for the full amount paid to the specific company.		
	Capital Replacement Reserve (Note 3 and Statement of Changes in Net Assets)

Alderlady M Ferreira (Executive Mayor) do not have any shareholding or interest in Marracon (Pty) Ltd as per the above awards.

The transactions are concluded in full compliance with the Supply Chain Management policy of the Council and the transactions are considered to be at arms length.

44. FINANCIAL RISK MANAGEMENT

Credit risk is defined as the risk that one party to a financial instrument will fail to honour their obligation, thus causing the other party to incur a financial loss.

Interest rate risk is defined as the risk that the fair value or future cash flows associated with a financial instrument will fluctuate in amount as a result of market interest rate changes.

Potential concentrations of credit risk and interest rate risk consist mainly of fixed deposit investments, long term debtors, consumer debtors, other debtors, short term investment deposits and bank and cash balances.

The municipality limits its counterparty exposures from its money market investment operations by only dealing with well established financial institutions of high quality credit standing. The credit exposure to any single counterparty is managed by setting transaction/exposure limits, which are included in the municipality's investment policy. These limits are reviewed annually by the CFO and authorised by the mayoral committee.

Consumer debtors comprise of a large number of ratepayers, dispersed across different industries and geographical areas. Ongoing credit evaluations are performed on the financial condition of these debtors. Consumer debtors are presented net of an allowance for doubtful debt. Outstanding accounts are followed up monthly and the supply of electricity accounts not paid on due date are cut immediately.

Liquidity risk is the risk that the municipality will encounter difficulty in raising funds to meet commitments associated with financial liabilities. The financial liabilities of the municipality are backed by appropriate assets and it has adequate liquid resources. The Council monitors the cash projections and by ensuring that borrowing facilities are available to meet its cash requirements.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

The maximum credit and interest rate risk exposure in respect of relevant financial instruments is as follows:

Total Financial Liabilities

75 677 541 **53 598 816**

Interest rate sensitivity analysis

The sensitivity analysis below has been determined based on financial instruments exposure to interest rates at reporting date. For floating rate instruments, the analysis is prepared assuming the amount of the instrument outstanding at the reporting date was outstanding for the whole year.

The basis points increases or decreases, as detailed in the table below, were determined by management and represent management's assessment of the reasonably possible change in interest rates.

A positive number below indicates an increase in surplus. A negative number below indicates a decrease in surplus.

The sensitivity analysis shows reasonable expected change in the interest rate, either an increase or decrease in the interest percentage. The equal but opposite % adjustment to the interest rate would result in an equal but opposite effect on surplus and therefore has not been separately disclosed below.

As the entity does not have any instruments that effect net assets directly, the disclosure only indicates the effect of the change in interest rates on surplus. There were no changes in the methods and assumptions used in preparing the sensitivity analysis from one year to the next.

MOSSEL BAY MUNICIPALITY

Annual Financial Statements for the year ended 30 June 2009

<u>Increase in interest rates</u>	2009		2008	
The estimated increase in basis points		1%		1%
	R		R	
Financial Assets	2 864 656		2 847 201	
Financial Liabilities	756 775		535 988	
Net effect on surplus (Financial Assets minus Financial Liabilities)	<u>2 107 881</u>		<u>2 311 213</u>	

46. CONTINGENT LIABILITY

46.1 Contractual disputes

Contractual claims in respect of court cases that are currently in dispute and being addressed through mediation the maximum unforeseen liability is estimated at R5 500 000.

46.2 Guarantees of employees housing loans

Guarantees have been issued to various financial institutions on behalf of officials in respect of housing loans. This is covered by individual cumulated pensions depending on the years of service. Collateral investments were made in certain cases. The maximum amount of the guarantees amount to R132 835, and council has a right to recovery.

47. EVENTS AFTER THE REPORTING DATE

There is no events that had happened after reporting date that will have a negative impact on Council's finances.

Appendix E (1) : Actual VS Budget (Revenue + Expenditure)

ACTUAL VERSUS BUDGET (REVENUE & EXPENDITURE) FOR THE YEAR ENDED 30 JUNE 2009					
REVENUE	2009 Actual (R)	2009 Budget (R)	2009 Variance (R)	2009 Variance (%)	Explanation of significant variance greater than 10% versus budget
Property rates	44 142 322	44 749 827	(607 505)	-1.4%	
Property rates - penalties imposed & collection charges	2 083 719	2 212 540	(128 821)	-5.8%	
Service charges	254 888 753	253 332 606	1 556 147	0.6%	
Rental of facilities & equipment	1 645 265	1 741 264	(95 999)	-5.5%	
Interest earned - external investments	26 903 645	22 856 167	4 047 478	17.7%	Due to a more favourable cash flow and grants received for Flood Damages more interest were received for the year.
Interest earned - unamortised discount	1 296	1 296	(0)	0.0%	
Interest earned - outstanding debtors	413 920	448 794	(34 874)	-7.8%	
Fines	4 910 305	4 076 208	834 097	20.5%	Provision was made for Accrued income on unpaid Traffic Fines as at 30 June 2009 to the amount of R575 000 which was not taken into consideration in the Adjustment Budget for the year.
Licences and permits	4 241 681	4 062 321	179 360	4.4%	
Government grants and subsidies	70 981 263	81 052 058	(10 070 795)	-12.4%	Housing Topstructures: Not all funding received from Housing Dept as was budgeted for. Funding from Petro SA for Rehabilitation of River Mouths and Deforestation not realised
Other income	29 461 596	53 759 367	(24 297 771)	-45.2%	Contributions from Land Sales and External Services did not realise, due to the fact that several properties were sold but the money will only be received after registration in the deeds office and signing of contract. The budgeted contributions for R13,9 million from the Accumulated Surplus was not necessary seeing as the municipality had an operating surplus for the 2008/09 year.
Public contributions, donated/contributed PPE	2 574 513	4 029 183	(1 454 670)	-36.1%	Connection Fees budget not realised, because of the change in economic climate. Fewer houses were build and therefor had less income for connection of electricity and water.
Total Revenue	442 248 278	472 321 631	(30 073 353)	-6.4%	
EXPENDITURE					
Employee-related costs	127 745 752	126 582 406	1 163 346	0.9%	
Remuneration of Councillors	5 427 079	5 477 654	(50 575)	-0.9%	
Bad debts	11 504 988	18 604 033	(7 099 045)	-38.2%	The municipality has written off bad debts to the amount of R14,7m during the 2008/09 year, which contributed to the actual bad debt provision being less than the budget.
Collection costs	3 858 770	4 795 350	(936 580)	-19.5%	Due to the fact that Bad debt to the amount of R14,7m was written off during the year, the use of contractors to collect these funds was reduced.
Depreciation	22 913 742	7 571 387	15 342 355	202.6%	Included in the budget amount is the offsetting of depreciation which are not subtracted from the actual depreciation anymore, due to a change in accounting policy. (Also refer to note 36 - Change in Accounting Policy)
Amortisation - Intangible Assets	154 471	170 037	(15 566)	-9.2%	
Repairs and maintenance	34 032 658	39 489 627	(5 456 969)	-13.8%	Due to the fact that the funding from Petro SA for Rehabilitation of River mouths (R2m) and Deforestation (R2,5m) did not realise, the expenditure could not take place. Petro SA will manage these projects themselves. The municipality also replaced a lot of its computers (finance lease) during the year and therefor was not necessary to do as much repairs.
Interest paid	786 935	436 374	350 561	80.3%	Finance leases was previously capatalised without VAT and must be VAT inclusive. The correction of the interest had an effect on the overspending.
Bulk purchases	92 789 002	88 212 000	4 577 002	5.2%	
Contracted services	19 230 387	20 785 413	(1 555 026)	-7.5%	
Grants and subsidies paid	3 010 247	3 373 341	(363 094)	-10.8%	An amount of R550 000 was budgeted for Public Donations, only R285 733 was spent. This is due to the fact that not all applications qualified in accordance with the stipulations of the MFMA.
General expenses - other	81 417 749	155 609 074	(74 191 325)	-47.7%	An amount of R39 million was budgeted for the transfers for Capital Grants, Land Sales and Ext. services to the reserves, which did not realise due to a change in accounting policy regarding the Reserves. (Also refer to note 36 - Change in Accounting Policy). An amount of R27,4 million was provided for a contribution to the CRR in the budget, which was transferred through the Statement of Changes in Net Assets and not as a direct contribution. An amount of R8 million for Housing topstructure was not received from the Housing Department and the expenditure could therefor not realise.
Total Expenditure	402 871 779	471 106 696	(68 234 917)	-14.5%	
Gain on disposal of Property, Plant & Equipment	125 766	84 959	40 807	48.0%	
Loss on disposal of Property, Plant & Equipment	(387 283)	(420 159)	32 876	-7.8%	
Surplus for the year from discontinued operations	-	-	-		
NET SURPLUS/(DEFICIT) FOR THE YEAR	39 114 982	879 735	38 235 247	4346.2%
